Agency Report:

Gary Larson, NRCS Board Conservationist Report

Walter reported on Larson's behalf stating there are 40 EQIP 2022 applications submitted.

Dave Walter, District Manager Report

- Walter shared in a recent release titled "Know and Understand Board Supervisor Election Options" it was suggested that each SWCD bring this forward for their boards to review the options and approve one. The following options were shared.
 - Option 1 (Supervisors elected *at large* Minnesota Statute 103C.311 subd. 1) provides for the establishment of nominating districts that determine who will be on the general election ballot for vote by the general electorate of the county. These nominating districts have historically reflected the natural resource diversity of the county. They have not been focused on the distribution of population, but on distribution of supervisors geographically across the county so board members have a better chance at being physically closer to and personally aware of the natural resource issues across the county. Under this option, all eligible voters within the county may vote for all SWCD supervisors.
 - Option 2 (Supervisors elected by districts Minnesota Statute 103C.311 subd. 2) provides discretionary authority for SWCDs (mandatory for SWCDs in the 7-county metro area), with the approval of the Board of Water and Soil Resources, to change from the current countywide election of supervisors to election by a nominating district. If an SWCD chooses to move to election by a district, the district boundaries must be drawn by the county board, in consultation with the SWCD board and then with approval by BWSR. The boundaries need to be compact, include only contiguous territory, and be substantially equal in population, and therefore reviewed after each decennial federal census. This option allows the number of supervisors to be greater than five in counties with more than five county commissioner districts, such as Dakota, Ramsey, Hennepin, and St. Louis. This option tends to reflect the distribution of the population.
 Motion by Anderson, seconded by Graf, approving Option 1 for the SWCD.

Voting affirmative: Anderson, Graf, Kruse and Welke. Opposed: None Motion carried.

Walter stated a staff meeting was recently conducted. He and staff are working on project designs, while Scanlan and Wermager are working on grant applications.

Program Reports

- Surface Water Assessment Grant (WinLaC Chloride Testing) Walter shared that he and Wermager will be sampling Pine Creek and a few locations in Winona County.
- WCA Walter reported in Crooked Creek Township he is working with a landowner on a cattle crossing through a wetland area to get to needed pasture area. He stated during the winter months he also meets with the county's Hwy. Dept. on upcoming projects for the spring and summer.

MASWCD & MACDE – Walter stated he, Scanlan, Messner and Welke attended the annual MASWCD State Convention on December 14, 2021. Messner, Scanlan and Walter attended morning training sessions and Welke attended the business meeting. Gerard & Tollefsrud were not able to attend due to a fall the morning of the awards program.

Watershed Updates:

Crooked Creek – Scanlan reported Crooked Creek Watershed has put together an amendment for their contract with Generation X on the pond at the Klinski site. It reflects various changes that are implemented to the project. The amendment has been signed by the engineer and the contractor will be signing and returning it. Their board will act on the amendment at their January 14, 2022 meeting. Scanlan stated the remaining work on the project will be completed at the end of next summer.

Bear Creek - No report.

Winnebago - No report.

Program & Staff Reports:

Bob Scanlan

Scanlan stated overall most of his programs have been slow at the moment.

- Cover Crop Demonstration Grant No report.
- **319 Feedlot** Scanlan stated the 319 funding has seen a few changes and funds have been redistributed. Houston County now has \$1,101.43 for technical assistance. An increase in the amount of cost share per applicant has went from 50% to 75% and the number of animal units was lifted from 500 to 1,000. All projects must be installed by June 30, 2022.
- Local Capacity CWMA No report.
- **MAWQCP** No report.
- MDA Soil Health Program No report.

Scanlan shared he has applied for a grant through BWSR for CWMA funding. It will be a two year grant totaling \$15,000. Scanlan stated he has also been assisting Wermager on a grant application to enhance RIM sites that are lacking native vegetation or have been taken over by introduced species.

Jean Meiners

- **Buffer Law** Walter shared all the inspections for 2021 have been completed. There are a few that will need to be flagged in the spring.
- MDH Safe Drinking Water Messner reported a meeting is scheduled for January 19th. Results from the nitrate sampling have been received.

Janice Messner

- Volunteer Nitrate Monitoring No report.
- **Trees** Messner stated the 2022 tree sales are going well. There are a few species that are sold out and we are not able to obtain additional trees. To date we have sold just over half of the trees that were pre-ordered.
- **Reporting** Messner shared there are numerous reporting deadlines this time of year. eLink grant reporting is due February 1st for 13 grants and has been completed, Sales & Use Tax filing due January 31st has also been completed. Area 7 Wage Survey is started and due in March. MCIT reporting is in progress and website updates are to be completed by March 1, 2022.

Messner stated Smith Schaffer & Associated Ltd informed us during our 2020 Year End Financial Statement audit that we are to be distributing 1099 MISC forms to any landowner that has received \$600 or more in incentive or cost share payments. Messner reported this has not been done in the past. The 1099 MISC are to be to the landowners by January 31st. Currently, we are collecting the needed W-9 forms and waiting for word from the county if they will be running the 1099s or if we will need to do them ourselves. A **motion** was made by Anderson, seconded by Welke, to first pursue the county avenue before doing the 1099 MISC ourselves. Voting affirmative: Anderson, Graf, Kruse and Welke. Opposed: None Motion carried

Dan Wermager

- WCPI Wermager stated that this grant has reached its expiration. A few of the key milestone consisted of writing 180 conservation plans, conducting seven outreach events and contacting 761 landowners via letter. All exceeding the grant goals.
- Root River 1W1P Wermager indicated the policy committee met December 20th but there was not a quorum to conduct any business. He also shared the upcoming fiscal year may allow for funding for a half time position. This position would support an individual to do walkovers, propose projects and start construction files in-house. This position will allow Wermager to continue with a different work load.
- **HELP grant application** Wermager stated he is working on a grant application for pollinator habitat on existing RIM easements. It is a \$40,000 grant being offered by BWSR. If the grant is awarded to us, the funds would expire in 2024.
- Mississippi River Winona/La Crescent 1W1P Wermager reported the planning work group, advisory committee and policy committee are meeting regularly. Recently, the policy committee approved the measurable goals for the WinLaC watershed.
- **I-90 Soil Health Tour** Wermager shared he was approached about being one of the four stops for the I-90 Soil Health Tour. The local event will be February 8th at the Hokah Fire Station in Hokah, MN. Flyers are posted for the event and a news release published in the local newspaper. Expenses the SWCD is incurring for the event are half of the main speaker's fee, our portion being \$500, and an evening meal. Local speaker, Myron Sylling, will also present and is waiving a speaking fee.

Wermager reported Kevin Kuehner met with staff and shared findings of a recent study on nitrates. The study shows nitrates were found in the Jordan aquafer and will pose a threat to drinking water in 30 - 40 years. The study proved May and June to be the most vulnerable months where nitrates leach into the soil.

Houston County Water Plan - No report.

<u>COMMITTEE REPORTS</u> FINANCIAL COMMITTEE: No report.

PERSONNEL COMMITTEE: No report

TSA (Joint Powers) COMMITTEE: Walter stated there is an upcoming meeting on January 26, 2022 at 1:00 p.m.

OLD BUSINESS

Walter addressed the board regarding the June Teenth holiday. He stated the county has opted not to add this holiday currently due to having to renegotiate union contracts. It was unanimously decided by the SWCD board to follow the county's lead and not add this holiday at this time.

Walter shared the USDA's Covid policy stating the office can only be staffed at 50% capacity was recently announced. Feldmeier inquired if we are following USDA policy or county. Walter responded that we are following the USDA policy.

Employee Time Records: Motion by Kruse, seconded by Anderson, approving the Employee Time Records. Voting affirmative: Anderson, Kruse and Welke. Opposed: None Motion carried.

Treasurer's Monthly Report: Anderson requested the January 2022 treasurer's report be placed on file for audit.

Agency Report:

Gary Larson, NRCS Board Conservationist Report

- Larson reported there are 40 EQIP 2022 applications submitted. March 5th scoring and ranking will begin.
- Larson stated there is a general CRP sign-up and it will last for approximately another month. To date there are 25 conservation plans needed. A possible contribution agreement may be available to the SWCD to assist with writing the plans.
- Larson announced Ryan Hytry is his predecessor. He started on January 31, 2022 and is working a flex schedule for the time being.

Dave Walter, District Manager Report

- ♦ Walter began by stating our interim COVID 19 policy is no longer up to date. He shared that various districts in the area are following CDC guidelines. He also shared the county is following MN Department of Health guidelines which follows the CDC guidelines. Discussion followed on the topic of using annual leave or sick leave if the office is closed due to COVID 19 related circumstances. Motion by Kruse, seconded by Welke, approving staff to use either sick leave or annual leave if the office is closed due to COVID 19 circumstances. Voting affirmative: Anderson, Kruse and Welke. Opposed: None Motion carried.
- ♦ Walter shared a soil health event will be held February 18th from 9 3 pm in Spring Valley, MN. Ray Archuleta, soil scientist is the presenter. Pre-registration is requested and the event is free.
- Walter indicated the 2022 Driftless Symposium is being held remotely February 23rd and March 3rd. It will be recorded to share at a later date. Pre-registration is required and it will be free.

Program Reports

- WCA Walter reported he continues to work with a landowner in Crooked Creek Township on a cattle crossing through a wetland area to get to needed pasture area. He also viewed two building sites and found that they were not located on wetland areas.
- BMP Projects Walter indicated 90% of the upcoming projects are assigned and ready to go. Some projects will be part of TSA's work load.

MASWCD & MACDE - Walter shared the 2022 SWCD Election Filing Dates are May 17th - May 31st till 5:00 p.m. District 1 (La Crescent Village & Twp., Hokah Village & Twp., Mound Prairie Twp. and Union Twp.) and District 2 (Brownsville Village & Twp., Crooked Creek Twp. and Jefferson Twp.) are open for the 2022 ballot.

Walter stated the Area 7 SWCD Supervisors Remote Meeting will be March 1, 2022 from 1 - 4 pm. The discussion item is the platform for the upcoming legislative session concerning a surplus of MN state funds. SWCD Aid is being proposed for the surplus funding. It would equate to \$171,000 per year from the general fund instead of Clean Water funding. These funds will be less restrictive, have less reporting requirements and have no expiration date.

Walter indicated the 2022 Legislative Briefing & Day at the Capitol is March 9-10, 2022. The Legislative Briefing & Networking Reception (March 9th) is at Capitol Ridge Event Center, Radisson Hotel St. Paul Downtown. Program Report

• WCA – Scanlan reported Walter spent time on site at a project site in Winnebago Township.

<u>MASWCD & MACDE</u> – 2022 SWCD Election Filing Dates are May 17th – May 31st till 5:00 p.m. District 1 (La Crescent Village & Twp., Hokah Village & Twp., Mound Prairie Twp. and Union Twp.) and District 2 (Brownsville Village & Twp., Crooked Creek Twp. and Jefferson Twp.) are open for the 2022 ballot. Jerry Welke from District 1 stated that he will run for another term. The seat for District 2 will be open. Supervisors discussed possible individuals to approach for candidacy to fill the seat.

Southeast MN SWCD Area 7 Business & Resolutions Meeting will be held Tuesday, June 28th at the Rice County Fairgrounds, Faribault, MN from 9 – 3 pm. Feldmeier called for resolutions and none were presented.

Watershed Updates:

Crooked Creek – Scanlan shared their monthly meeting will be held Friday, May 20, 2022. They will be discussing their annual inspection tour and information that an NRCS Engineer has brought to light in an Operation & Maintenance Plan dated 1966-67. It states NRCS inspections will not be necessary unless the Watershed requests them to be present.

Bear Creek – Feldmeier stated the inspection tour will be held June 8th at 9:00 a.m. The tour will start at Site 9 located at 22376 County 4, Spring Grove, MN and end at Big Canoe Church with a meeting and lunch. Anderson shared that he will not be able to participate in this year's tour and asked that someone attend in his place. There was no further discussion.

Later in the meeting Messner questioned Scanlan regarding his findings on a recent Site 9 visit. Scanlan shared some potential leaching through the dam near the pipe was visible. A thorough inspection will be performed on the tour.

Winnebago - No report.

Program & Staff Reports:

Bob Scanlan

- Cover Crop Demonstration Grant Scanlan shared that he is finishing up spring inspections.
- Local Capacity CWMA Scanlan stated he is working with those that are contracted with upcoming contracts that will be expiring. One landowner is not able to meet project installation date and is requesting to cancel her contract. A new applicant is interested in the available funding. Scanlan said this will be voted on later in today's meeting.
- **MDA Soil Health Program** Scanlan shared general information about the purpose of the program. Supervisors shared other possible side-by-side comparison study ideas.
- 2022 Conservationist of the Year Scanlan reviewed a nomination brought to him last year. The individual nominated is in District 4 (Caledonia Township & Village, Eaten Village, Mayville Township, Winnebago Township) where a nominee will be selected for 2022. The supervisors asked Scanlan to contact the nominee to see if they would be willing to be the 2022 Conservationist of the Year.
- HELP Grant Application Scanlan shared the HELP Grant he and Wermager submitted is being awarded to the SWCD.

Meiners and Walter joined the meeting.

Jean Meiners

- Buffer Law Meiners stated she and Walter have been out flagging buffers and doing inspections.
- MAWQCP No report.
- **MDH Safe Drinking Water** Meiners shared there is a meeting coming up. Discussion on the amount of cost share available for a well was discussed. Meiners stated there has not been any interest in the cost share allotted for Houston County and felt that it should be made available to a county that may have interest.
- **BMP Projects** Meiners indicated a few projects are currently in the seeding process and a few others should be starting within the next week to two weeks.

Janice Messner

- Volunteer Nitrate Monitoring Messner shared there was an 85% participation rate for Houston County in the 2021 nitrate testing. There were five samples that were <10 ppm and three samples in the 9 9.99 range. Messner stated the high nitrate results were not found in specific areas but various areas throughout the county. She shared a commonality that was noticed is they all currently have livestock or are located near livestock producers. The other commonality is all the wells are older wells and not recorded on the MN Well Index. Discussion followed on aquifers and the amount of time it takes for producer behaviors to reach the aquifers.
- Trees Messner shared the 2022 tree sales went well. A total of 5,675 trees were ordered and of those 75 are still available. To date not all the shipping invoices have been received, but there is a projected profit of \$2,500 for the year.

Wermager joined the meeting.

Dan Wermager

- WinLaC Chloride Testing No report.
- WinLaC 1W1P No report.
- **Root River 1W1P** No report.
- **CRP Contribution Agreement** Wermager shared he is working on CRP contracts.
- HELP Grant Wermager stated funding for this grant should be received in June 2022.

Houston County Water Plan – Wermager reported one push-up pond has recently been constructed. Seed and mulch need to be completed before payment.

Wermager exited the meeting.

Program Report

• WCA – Walter indicated it has been busy again. He is involved with a stream habitat project in Winnebago Township and a second stream habitat project on West Beaver Creek in Caledonia Township. Walter stated these projects are being funded through Trout Unlimited.

Walter reported he's been out on the Hwy. 5 project site and visited a few building sites and found each building site is not in a wetland area. Walter and Feldmeier also shared a concern brought to their attention in Houston Township regarding water flowing from one landowner's property on to the other landowner's property.

Scanlan raised a question regarding an article published in the latest edition of the Caledonia Argus. Walter stated he received a phone call from the City of Brownsville regarding bluff protection and possible easements. Walter shared that he was unaware of any easements unless there was an easement through MN Land Trust or another organization.

COMMITTEE REPORTS

FINANCIAL COMMITTEE: No report.

PERSONNEL COMMITTEE: Walter reported he has promoted Jean Meiners to lead technician and explained her responsibilities. He shared that he had consulted with staff for their input prior to promoting Meiners.

TSA (Joint Powers) COMMITTEE: No report.

Agency Report:

Ryan Hytry, NRCS Board Conservationist Report

 Walter reported Hytry has been contracting approved EQIP applications. He is also conducting contract reviews and is attending conservation planning training.

Dave Walter, District Manager Report

✤ Walter shared he presented at Friends of the Root River Science Sundays field day with Tim Miller of Fish & Wildlife Service. The event was held at the Hokah Fire Station, Hokah, MN in May. The presentation contents was about Restoring the Two Year Flood Event on the Mississippi River.

- 2 -

- Walter reported the annual cost share spot checks for 2022 are completed.
- Walter stated he assisted with BMP construction, put together conservation cover plans with Wermager, looked into technical assistance for a landowner in Sheldon Twp. interested in doing a feedlot improvement project, and assisted with RIM easement rules and regulations inquiries.

Watershed Update:

Bear Creek – Walter indicated the annual Bear Creek Inspection Tour was held Wednesday, June 8, 2022. The NRCS area engineer was in attendance. Walter reported there were no new issues and shared some erosion by the pipe on the Site 3 structure is visible. Design plans for this repair will be done by Iowa engineers. At Site 8 there is work needed but the landowner is not willing to sign the cost share application for 100% cost share funding contract for the necessary work. On Site 17 brush management is needed and cost share funds are already allocated for this work. Site 13 has a small amount of erosion occurring. Walter stated he would contact the landowner to see if he would like to do the needed maintenance. At Site 3 there is some seepage occurring on the down side of the berm and the pond is holding water which it should not. Walter stated he will be in contact with the landowner and offer 100% cost share maintenance funding for the repairs needed at the site.

Program Report

 WCA – Walter indicated he is working with Fish & Wildlife Service in Hokah Twp. to locate a suitable fill for a dike repair.

Chair Feldmeier joined the meeting at 9:15 a.m. and Vice Chair Welke turned the meeting over to Feldmeier.

MASWCD & MACDE – Southeast MN SWCD Area 7 Business & Resolutions Meeting will be held Tuesday, June 28th at the Rice County Fairgrounds, Faribault, MN from 9 – 3 pm.

Watershed Updates:

Crooked Creek – Scanlan shared their monthly meeting will be held Friday, June 17, 2022. Following a short business meeting the annual inspection tour will be conducted. Scanlan reported he and Wermager performed herbicide and seeding maintenance on the R-2 site. Scanlan stated there is also a possible sinkhole forming on the S-1b site.

Winnebago – Walter reported while performing spot checks he encountered some needed brush management work on the DNR site and the Burke site. A local contractor will be contracted to perform the needed maintenance on these two sites.

Program & Staff Reports:

Bob Scanlan

- Cover Crop Demonstration Grant Scanlan shared the remaining work on this grant consists of soil health testing which will be performed in year three of the contracted projects.
- Local Capacity CWMA Scanlan stated he is working with those that are contracted with upcoming contracts that
 will be expiring. One landowner is not able to meet project installation date and is requesting to cancel his contract. A
 new applicant is interested in the available funding. Scanlan said this will be voted on later in today's meeting.
- **MDA Soil Health Program** Scanlan shared on May 20, 2022 a second scissors cutting was performed. The first cutting took place in October 2021. He found the grasses planted in the no-till did just as good as it did in the conventional tillage. An infiltration comparison was also performed. It was visible that the no-till area absorbed water faster than the conventional tillage area where run-off was likely.
- 2022 Conservationist of the Year Scanlan reported Tom & Brenda Olinger have accepted the nomination of the 2022 Conservationist of the Year for Houston County.
- **CCM Grant Application** Scanlan shared he received word that our application was not funded for 2022. We need to focus on water quality for this application in the future.

- NFWF Cover Crop Grant Application Scanlan stated that our application was not funded. He went on to say that he is interested in partnering with the one grant recipient from Minnesota, the Soil Health Coalition. Scanlan has reached out to them regarding assisting with grant work in Houston County.
- MACDE Education Grant Scanlan shared that we were awarded this grant. Funds will assist with a self-guided cover crop tour this fall and help defray expenses for the I-90 Soil Health Tour this fall.
- MN Land Trust Scanlan indicated he spoke with a landowner interested in the MN Land Trust program and referred them to their office.

Jean Meiners

- Buffer Law Meiners stated she has sent letters to some landowners indicating she will be checking buffers on their property.
- MAWQCP No report.
- MDH Safe Drinking Water Meiners shared a meeting was held May 31st. Cost share funding for Houston County
 that has not been allocated and was offered to help those who were needing additional funding. She also shared a few
 free nitrate water test kits will be made available in our office for anyone that would be interested.
- **BMP Projects** Meiners indicated five landowners have installed grassed waterway projects over the past two months. Currently, two landowners have started grade stabilization structure projects and another grassed waterway project will likely start within the month.

Janice Messner

• Volunteer Nitrate Monitoring – Messner shared the current grant will be expiring June 30, 2022. A new contract will be coming to continue with this program.

Dan Wermager

- **CRP Contribution Agreement** Wermager shared 20 of the 21 CRP plans are completed and signed. The remaining plan is completed and is pending signature.
- 4th Grade Farm Safety Day Wermager stated on May 24, 2022 he presented about dangerous plants at the 4th Grade Farm Safety Day held at the Houston County Fairgrounds.
- I-90 Soil Health Tour Wermager indicated the SWCD will be hosts for one leg of the I-90 Soil Health Tour this fall. Civic engagement funds from the MACDE Education Grant will be used to assist with expenses.
- WinLaC 1W1P Wermager reported a Policy Committee meeting is scheduled for Monday, June 13th. Currently, time is being dedicated to plan writing and reviewing many details of the plan. Good progress is being made.
- Root River 1W1P Wermager stated he and Walter recently attended a planning work group meeting. They are looking to designated funds in the work plan for cover crops. A payment rate of \$34/acre for a single specie planting and \$43/acre for a multi specie planting was discussed with a 50 acre cap per applicant. This will need to be brought to the Policy Committee for approval at their June 27, 2022 meeting. Walter also shared a 5 Year Assessment will need to be performed in the near future. There was discussion about contracting to have the assessment done.
- **HELP Grant** Wermager indicated the work plan has been approved and the board will be acting on the contract later in today's meeting. Wermager gave a brief summation of the grant objectives.

- 4 -

<u>Houston County Water Plan</u> – Wermager reported one push-up pond with no pipe has been installed thus far for the year. It is expected that five push-up ponds and four pond clean outs will be done this year.

Cecil Graf

Members Present: Members Not Present:

Ken Anderson Matt Feldmeier Glenn Kruse Jerry Welke

Others:

Dave Walter and Janice Messner - SWCD staff; Ryan Hytry - NRCS staff.

Those present took part in the Pledge of Allegiance.

Minutes: Motion by Anderson, seconded by Welke, approving the minutes from the September 8, 2022 board meeting. Voting affirmative: Anderson, Feldmeier and Welke Motion carried. Opposed: None

Employee Time Records: Motion by Graf, seconded by Anderson, approving the Employee Time Records. Voting affirmative: Anderson, Feldmeier and Welke Opposed: None Motion carried.

Treasurer's Monthly Report: Anderson requested the September 2022 treasurer's report be placed on file for audit.

Agency Report:

Ryan Hytry, NRCS Board Conservationist Report

Hytry reported NRCS staff has been busy with construction. Three grade stabilization structure are still scheduled for fall construction. Hytry stated he is performing CRP status reviews on contracts that can be renewed in 2024.

Supervisor Kruse joined the meeting.

Dave Walter, District Manager Report

 Walter indicated Feldmeier and Welke accepted the invitation to attend the Root River Field to Stream Partnership Landowner Appreciation Cookout held September 8, 2022. Feldmeier reported there was a good turnout. Two Houston County landowners also participated.

Program Report

• WCA – Walter stated he will need to visit a site in La Crescent Township to remove fill from a wetland used as a parking area. He reported the National Fish & Wildlife Service dike repair on the Root River in Hokah, MN is finished. Walter indicated a streambank project on Campbell Creek in Money Creek Township is nearing completion. Seeding and mulching remain on the project. Walter also reported on a few details of a tiled waterway project in Houston 'E' Township. He stated BWSR also visited the landowner's RIM easement site regarding landowner concerns. Further discussion of the concerns are under BWSR advisement.

<u>MASWCD & MACDE</u> – Walter reported we received positive feedback on the Fall SE MN SWCD Area 7 meeting held September 27, 2022 at the Hokah Fire Station. Presentation topics included invasive carp and re-establishing the Brownsville islands for wildlife habitat. The presentations were followed with grilled steak sandwiches by the Cattlemen's Association and a boat island tour on the Mississippi River of the Brownsville islands.

Walter shared the MASWCD Annual Convention is scheduled for December 12 - 14, 2022 at the Double Tree Hotel in Bloomington, MN.

Walter stated the 2022 MASWCD Resolutions are out. Supervisors are to submit their ballots to Messner prior to November 1, 2022.

Watershed Updates:

Crooked Creek – Walter shared construction will reconvene within the next couple of weeks to complete the Klinski project. He stated Scanlan and he burned debris from maintenance on the Klinski site.

Bear Creek – Walter stated the maintenance work in the pool area of Site 3 is completed. A question was raised about maintenance needs on Site 9. He responded that rip rapping will be involved.

Winnebago – No report.

Program & Staff Reports:

Bob Scanlan

- Soil Health Tour Scanlan's written report states this year's soil health tour is up and running. The tour is a "self-guided" tour. Walter shared the location of the stops on the tour. The MACDE Education Grant is being used for a portion of the expenses incurred.
- Local Capacity CWMA Scanlan's written report states he is working with several land owners on CWMA and cover crops.
- **MDA Soil Health Program** Scanlan's written report indicates scissor cuttings, Solvita soil health testing, stem counts and infiltration testing has been performed on a landowner's farm for a grant they received.
- **Interview** Walter reported Scanlan completed an interview with Cali Torrell from Goff Public who is featuring a story about the "Klinski Pond" that will appear in next month's MASWCD newsletter.
- **Cover Crops** Scanlan's written report states, "Corn silage harvest is complete, soybeans are being harvest and corn for grain is beginning to be taken out. Cover crop seedings are also in full swing as the fall season continues. We will be performing spot checks to evaluate germination rates in the next couple of weeks."

Jean Meiners

- **Buffer Law** No report.
- **MAWQCP** No report.
- **MDH Safe Drinking Water** No report.

• **BMP Projects** – Walter reported a critical area planting, Bear Creek maintenance project, was completed in Spring Grove Twp. A grade stabilization structure with a grassed waterway was built in Winnebago Twp. Two separate projects, an access road and a grade stabilization structure, were completed in Mayville Twp. A grassed waterway with a rock chute was completed in Yucatan Twp. and a grade stabilization structure with a diversion was completed in Money Creek Twp.

Construction has started on a grade stabilization structure in Black Hammer Twp. with a second structure to follow on the neighboring landowner's property. Walter stated a grade stabilization project in Yucatan Twp. will also begin within the next week. Survey for a grassed waterway was done in Money Creek Twp. and design work is underway for two grade stabilization structures with waterways for a landowner in Sheldon Twp.

Janice Messner

- Volunteer Nitrate Monitoring No report.
- Sixth Grade Environmental Day Messner reported this year's event went well. Two new presenters were well received. Both of the presenters brought interesting visuals and tangibles. It was a warm day for the 193 students. There was great teamwork with the staff through set-up, the event and takedown.

Dan Wermager

- WinLaC 1W1P Walter stated the plan is in the 60 day review stage with agencies. The plan should be ready for execution mid-2023 and implementation funding in the fall.
- **Root River 1W1P** –Walter along with Kruse shared a 5 Year Assessment is needing to be performed and was discussed at the Policy Committee meeting on September 26, 2022. It is likely an outside consulting firm will be writing the assessment. Request for proposals are being put out.
- HELP Grant Walter indicated Wermager will be meeting with two addition landowners in the near future.
- **BMP Projects** Walter reported that Wermager was able to be in the field for a waterway project in Money Creek Twp. and is also assisting with the two grade stabilization structure projects earlier reported in Black Hammer Twp.

<u>Houston County Water Plan</u> – Walter reported Wermager has recently contacted landowners that have projects scheduled for 2022 construction.

COMMITTEE REPORTS

FINANCIAL COMMITTEE: No report.

PERSONNEL COMMITTEE: Feldmeier stated he will contact the Houston County Human Resources Director to see how things are progressing with the review of the district's personnel policy.

TSA7 (Joint Powers) COMMITTEE: Walter stated a personnel committee meeting is scheduled for next week.

• WCA – Walter stated he visited a building site in Looney Valley. A wetland will need to be crossed to access the home. A supervisor inquired if there were any updates on the tiled waterway project in Houston 'E' Township and the

RIM easement concerns he reported on in October. Walter indicated the landowner recently had surgery and steps will be taken to correct the RIM easement concerns.

<u>MASWCD & MACDE –</u> Walter shared the MASWCD Annual Convention is scheduled for December 12 – 14, 2022 at the Double Tree Hotel in Bloomington, MN.

Agency Report:

Ryan Hytry, NRCS Board Conservationist Report

Hytry reported 22 EQIP funded projects were constructed. EQIP application deadline for 2023 funding is November 18, 2022. Thus far there are 14 applications. Knowledge of obligated contracts should be made known on April 28, 2023.

Hytry exited the meeting.

Watershed Updates:

Crooked Creek – Scanlan shared the next meeting will be held November 18th. On the Klinski project an amendment is being requested to extend the completion date as the contractor has been unable to find available rip rap to complete the project. Scanlan stated he and Wermager are currently clearing brush on the R-4 structure.

Bear Creek – It was reported that there was no update on the needed maintenance on Site 9.

Winnebago – No report.

Program & Staff Reports:

Bob Scanlan

- Cover Crop Demonstration Scanlan reported that he is doing the fall cover crop inspections.
- Local Capacity CWMA Scanlan stated landowners with a 314 Brush Management contract are generally mowing this fall and will follow with a herbicide application in the spring.
- MDA Soil Health Program Scanlan indicated there is one more year of testing on this grant.
- MACDE Education Grant Scanlan stated a self-guided cover crop tour replaced the traditional group tour this year. There are four stops on the self-guided tour.
- **Drone Flight** Scanlan reported a colleague from Mower County brought a drone to Houston County and did a flyover of the Olinger farm and other projects that were completed this year.

Janice Messner

- Volunteer Nitrate Monitoring No report.
- Fall Newsletter Messner reported the fall newsletter with our 2023 tree order form was mailed November 9th. She thanked staff for submitting news articles for the newsletter.

Scanlan presented a power point from the drone flight.

Program & Staff Reports:

Jean Meiners

- Buffer Law Meiners stated buffer inspections were started this week.
- MAWQCP Meiners reported one landowner called expressing interest in the program.

- MDH Safe Drinking Water No report.
- **BMP Projects** Meiners indicated many construction projects were being completed for the season and bills are being gathered. She also reported technical staff are laying out requested contour strips and have started surveying projects for next year's construction season.

Dan Wermager

- WinLaC 1W1P Walter stated the plan is in the 60 day review stage with agencies.
- Root River 1W1P Walter indicated a 5 Year Assessment is needing to be performed. The Committee is requesting proposals from outside consulting firms to write the assessment.
- HELP Grant Walter indicated Wermager has discussed plans with various landowners and funds should be exhausted.
- **BMP Projects** Walter reported Wermager is assisting with two grade stabilization structure projects in Black Hammer Twp. and another in Sheldon Twp.

Houston County Water Plan - No report.

COMMITTEE REPORTS

FINANCIAL COMMITTEE: No report.

PERSONNEL COMMITTEE: Walter announced Scanlan has been offered a position with the MN Department of Ag. He will be making his decision within the next week.

TSA7 (*Joint Powers*) **COMMITTEE:** Walter stated the personnel committee met and discussed health insurance premium increases. TSA7 is also interested in purchasing a new truck.

OLD BUSINESS

Personnel Policy updates – management staff reported they received word that the county attorney would not be reviewing our personnel policy. The county attorney suggested hiring a private lawyer with expertise in this area to review the policy. Staff stated the majority of the updates consisted of changing "County" to "District" and adding safety leave in conjunction with sick leave which was suggested by MCIT. After submitting our policy to MCIT for review they suggested our county attorney review the policy. Discussion followed and supervisors requested that the personnel policy be sent out to them with ample time to review.

Bear Creek - No report.

Winnebago - No report.

Program & Staff Reports:

Jean Meiners

- Buffer Law Meiners stated she followed up on two reported complaints along the Pine Creek. It was determined both were in fact in compliance. Meiners also shared her and Walter wrapped up the required 2022 spot checks.
- MAWQCP No report. •
- MDH Safe Drinking Water No report.
- BMP Projects Meiners indicated many of the previously completed construction projects submitted their bills for review and payment.

Janice Messner

- Volunteer Nitrate Monitoring Messner shared information provided on the arsenic and manganese testing results for Houston County's ten selected volunteers. She stated the 2022 nitrate testing results will be available in spring 2023.
- Trees Messner reported tree sales have started. During November 1,150 trees were sold and for the month of December to date 600 trees. The balsam fir are no longer available.

Dan Wermager

WinLaC 1W1P - Wermager stated the 60 day state agency review period has concluded and comments are being reviewed.

- Root River 1W1P Wermager indicated the deadline to submit proposals for the 5 Year Assessment has concluded. One proposal in the amount of \$27,000 was received from Houston Engineering, Inc. (HEI).
- HELP Grant Wermager reported he is working with the City of La Crescent to develop plans for pollinator plots they're interested in installing.
- I-90 Soil Health Tour Wermager shared the tour date for Houston County is February 9, 2023. The event will be held at the Hokah Fire Hall, Hokah, MN. A time has not been determined. The speakers for the event are Andy Linder and Dean Spanhein.

Houston County Water Plan – Wermager reported four of the planned six push-up ponds for 2022 were installed and four of nine pond clean outs were completed. He stated the completion percentage was down in comparison to 2021.

Walter shared updated dollar figures for the installation of push-up ponds. Walter stated he recommended the Water Plan Committee increase their incentive payment and offered additional ARPA funding that was issued to the Root River SWCD. Wermager indicated the general consensus of the Committee was to add an additional \$200 incentive payment using the offered ARPA funding from Root River SWCD. This will go in effect for 2023 projects.

COMMITTEE REPORTS

PERSONNEL COMMITTEE: Walter announced Scanlan has accepted a position with the MN Department of Ag. His last day is Friday, December 16th. Walter reported there are no plans to back fill the vacating position. Wermager will be handling the CWMA, cover crop and soil health work load and Meiners will be working with the Crooked Creek Watershed Committee.

FINANCIAL COMMITTEE: Walter shared revised budget figures with the board supervisors. He indicated with Scanlan taking a position with MN Dept. of Ag it is resulting in a \$91,000 budget savings. He stated he met with the county commissioners to review our budget request which included a \$15,000 increase in county allocation. Walter said the review seemed to have gone well.

ADDITIONAL PERSONNEL COMMITTEE: Walter stated staff evaluations have been conducted. He also shared the Root River SWCD will be housing a replacement Farm Bill Biologist. Walter indicated they are back filling the previously vacated position and is involved with the interview process.

Program & Staff Report:

Bob Scanlan

- Cover Crop Demonstration Grant Scanlan reported follow-up soil testing will be needed next year on all locations that previously allowed the soil testing. The second testing will provide results to do a comparison from year one to year three using the no-till method and planting cover crops.
- Local Capacity County Match CWMA Scanlan stated all the required inspections for 2022 have been completed.
- MDA Soil Health Program Scanlan indicated 2023 will be the final year of this grant.
- MACDE Education Grant Scanlan shared these funds will be directed to defraying costs of hosting the I-90 Soil Health Tour in 2023.

The board supervisors thanked Scanlan for his service to the Root River SWCD and opening new opportunities for the office.
